

Your Name: _____

Group Names: _____

Topic: _____

GEORGIA LANDFORMS
SMALL GROUP PROJECT
DUE DATE: WEDNESDAY, MAY 6, 2009

Your job is to introduce and to "Teach" the rest of the class about your assigned topic. You will produce a teaching poster to present to the class as a group; you may have no more than 2 items (not including the 2 maps) on your poster copied from the Internet or other resource. Each item in the checklist below is worth between 1 to 4 points. You will accomplish each task as a team and you will all turn in your own work for your own grade.

POINT VALUES:

4 points = WOW! You did a great job of covering this task and went above and beyond expectations

3 points = You demonstrated that you knew about your topic

2 points = You were missing some important information needed to successfully complete the task

1 point = You did not present enough information to successfully complete the task

CHECK LIST:

Check when the task is done	Your self-assessment	Mrs. Haren's points	TASK
			1. List the important facts about your landform
			2. Create a poster that will teach the class about your topic
			3. Write a summary paragraph about how people are effected by the changes your landform creates or by the impact it has on the lives of the people who live near it
			4. Included a geophysical map and a political map to illustrate the location of the landform
			5. Give a historical timeline about your landform
			6. Present your information to the class as a group
	out of 24	out of 24	TOTAL
			FINAL GRADE: This will be determined by averaging your self-assessment and Mrs. Haren's points and creating a percent
